I will turn on this video screen - it will show what is going on in the car.

Ohhh! These murderers who killed my brother! They will pay for this!

He-he! Two murders in a week, eh, Bob?

I will exterminate them.

What?

Any freind of yours, is a freind of mine. You will get your revenge right now.

Whats that noise?

VRRR!

..new..

That'll teach them a thing -or two!

ZVZZZZZZZZ!

Crunch

BOOM!

THAK! SMASH!

YEAH!

OUCH! WE COULD HAVE BEEN K-AAGR!

We are running low on fuel-oil. We will have to land.....

Huh?

Y-you just changed your colour-ju-st like that. How did you do it?

Oh, that. Our-skin-metal you would call it-is covered in thousands and thousands of tiny little special atoms. Our-brain as you would call it can control these atoms-whenver we wish we can change colour and..... I didnt do this of my wish. When there is danger of some kind-like this.... Daleks immedeatley turn brown.

Oh-I see.

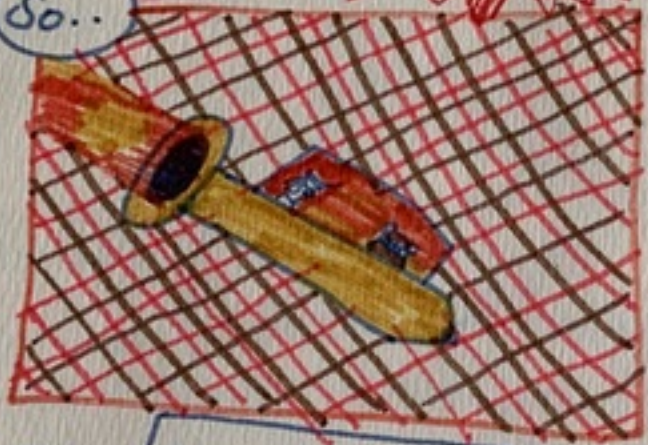

It is done by some kind of atomic energy!!

There's a pond somewhere here
we could land on that.

Yes! A good
Idea.

So...

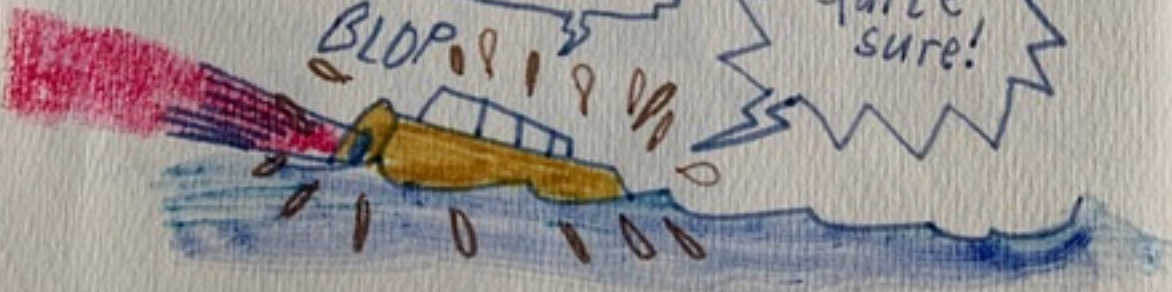

SPLASH

GGG
!!!

Are you sure we
wont sink?

Quite
sure!

ON SHORE — AND THEN

of this
nonsense, hand
